

Eldertree Kindergarten—Ain Khalid

Dec 2013

Issue 3

Word from Ms. Mariam (KG CLASS)

MY HANDY KINDERGARTEN class celebrated theme "Community Helpers" in the month of November. We highly appreciate the parents who participated in our theme activity introducing their profession. Children were very excited to learn about different professions and how these professionals as community helpers contribute to society. The main objective for this month was to provide children with different stimuli for learning and encourage book reading. Thus such activities are promoted to expand their vocabulary and enhance communication skills. As a special treat, children had a circus trip which they enjoyed a lot. This December children anxiously await the celebration of Qatar National Day Concert. We hope that you as parents too, will witness their delightful performance on this day and share the same gusto.

Upcoming Events

12 December- Qatar National Day Concert

Theme for December
